Benin City, Nigeria

## SUMMARY

I am an experienced Software Developer with knowledge of software system design, installation, testing, and maintenance. With a diverse and promising skill set. Competent in a variety of platforms, languages, and embedded systems. With extensive knowledge of cutting-edge development tools and procedures. Capable of managing oneself effectively during independent projects as well as collaborating as part of a productive team. Some of my project can be seen in my git repository ([github.com/Ohior](https://github.com/Ohior)).

## EXPERIENCE

### Software Developer Intern

03/2020 - 04/2021

NIIT Technology

- I demonstrated respect, friendliness, and a willingness to assist when and wherever possible.
- I quickly picked up new skills and applied them to my daily tasks, increasing my efficiency and productivity.
- by developing plans and communicating deadlines to ensure projects were completed on time, I conducted research and gathering information from multiple sources, and presenting results
- I worked a variety of shifts, including night, weekend, and holiday shifts.
- Coordinated database development timelines and project scope with project management staff.
- Interfaces were planned and developed to simplify overall management and provide ease of use.
- Ideation of design personnel was translated into concrete development frameworks for use.
- Interfaces were planned and developed to simplify overall management and provide ease of use.
- While working in lean development environments, I participated in cross-functional projects.
- Led the organization's version control efforts, utilizing GitHub and other public and open source repositories.
- To improve user experience, I created intuitive graphical user interfaces using my knowledge of serial communications and database design.
- Created software for desktop and mobile operating systems

### Software Developer

01/2015 - 11/2019

Reliance Technology Inc

- Proofs of concept for innovative new solutions were developed.
- I have over 5 years of technical and programming experience in developing mobile and desktop apps.
- I have strong technical and programming skills, including Java coding, C#, Kotlin, Python, The Android Software Development Kit, SQL, and XML, along with Android Studio.
- I am capable of working well as part of a team, alone, and under pressure with a variety of tasks. With excellent verbal and written communication abilities
- By reviewing bug reports and tracking repeatable malfunctions within software titles and programs, I have assisted in the resolution of app defects.
- I've designed, developed, modified, and debugged desktop and mobile applications in a variety of programming languages.
- I wrote code for the Windows, Mobile, iOS, and Mac platforms using my extensive knowledge of multiple programming languages such as Python, Java, and C#.
- Using SQL and JDBC architecture methodology, to create databases and table structures for mobile applications.
- Some of my accomplishments include developing media apps, note apps, alarm apps, calculators, IBCs, online web TicTacToe, and other games and apps for mobile, desktop, and web platforms.
- I am quick to pick up new skills and apply them to daily tasks, thereby increasing efficiency and productivity. As a result, I am fluent in several languages and have experience with a variety of editing software, including Gimp, Microsoft Word, Blender, and others.
- By employing professional design tools such as Unity to create characters, levels, vehicles, layouts, and one-of-a-kind

- elements. I created one-of-a-kind and eye-catching games by painstakingly creating graphics, audio, visual, and AI behavioral elements, as well as game storylines and role-playing mechanics.
- I've created software for both desktop and mobile platforms.

## EDUCATION

<b>Computer Technology</b> NIIT - National Diploma of Science	2021
<b>Computer Science</b> University of Benin - BACHELOR OF SCIENCE	2019

## SKILLS

Python	Advanced	Swing	Advanced
Java	Advanced	Github	Intermediate
Kotlin	Intermediate	Microsoft Office	Advanced
Unity	Advanced	SQLite	Intermediate
Electron	Intermediate	JDBC	Advanced
C#	Intermediate	HTML5	Advanced
Django	Intermediate	CSS3	Intermediate
Pygame	Advanced	XML	Intermediate
Kivy	Intermediate	Netbeans	Advanced
Git	Intermediate	Eclipse	Intermediate
Android Studio	Advanced	JSON	Intermediate
Blender	Intermediate	Visual Studio Code	Advanced
Gimp	Advanced	IntelliJ	Advanced
JavaScript	Intermediate		

## LANGUAGES

English	Fluent	French	Basic
